In many countries of the Global South communities are threatened when they seek to protect their rights, especially their right to a healthy environment. This climate of insecurity is often fueled by the presence and influence of corporations, some of which are Canadian.

Undaunted, many vulnerable communities fight courageously to defend their rights, their lands and the environment against corporate harm.

This year, Development and Peace's People and Planet First campaign invites you to stand in solidarity with them and celebrate their work!

Fundamental Question

A synodal Church, in announcing the Gospel, "journeys together": How is this "journeying together" happening today in your particular Church ?

This question is a starting point for you to think about and share your own experiences in and with the Church. Some things to think about in answering this question are:

- How do you think you have journeyed with others?
- What are specific events or interactions that capture your feelings about the faith and the Church?
- Who has inspired you to start or continue your faith journey?
- What have been your highest and lowest points on your faith journey, and how has the Church been a part of that?
